

ONYX Dip Press

+ Key Features

Stable and Durable Construction

Reinforced structural design and refined craftsmanship ensure long-term stability and safety under high-frequency use.

180° Rotating Rubber-Coated Handles

Provide multiple grip widths and training options, adapt to various arm lengths and training targets, reduce wrist pressure, and enhance comfort.

Pneumatic Infinite Seat Adjustment

Allows quick and precise seat height customization for ideal posture alignment, adapting to a wide range of body types.

Product Overview

The ONYX Dip Press is a commercial-grade plate-loaded machine featuring unilateral arm movement, rotating multi-grip handles, and ergonomic adjustability for targeted triceps and lower chest training.
