

ONYX Multi Deadlift

+ Key Features

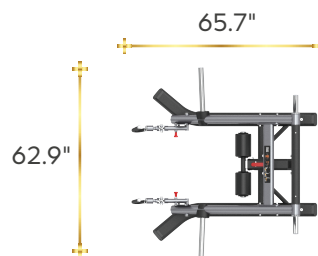

Heavy-Duty Steel Frame
Constructed from high-strength carbon steel for maximum stability and training safety.

Five-Position Rotating U-Shaped Handles
Rubber-coated and anti-slip, automatically adapting to various grip styles for a more personalized training experience.

Ten-Position Adjustable Support Pad
Offers stable and comfortable calf support, adapting to users of different heights and leg lengths to ensure smooth movement and focused power output.

Product Overview

ONYX Multi Deadlift supports deadlifts and Bulgarian split squats in one versatile machine. Adjustable handles and support pads provide comfort, stability, and effective lower-body strength training.
