

ONYX Seated Row

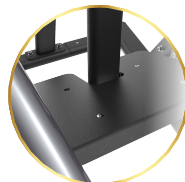

+ Key Features

Stable and Durable Construction
Reinforced structural design and high-quality craftsmanship ensure lasting safety and stability under heavy use.

Multi-Grip Handle Options
Offers varied grip widths and angles to comprehensively activate core back muscles and support both width and thickness development.

Ergonomic Wide Footplates
Provide secure and comfortable footing for users with varying ankle mobility, enhancing body control and lifting power.

Precision-Angled Chest Pad
Optimally distanced and contoured to support a full range of motion while ensuring comfort and ease of access to the handles.

Pneumatic Infinite Seat Adjustment
Allows quick and precise seat height customization for ideal posture alignment, adapting to a wide range of body types.

Product Overview

The ONYX Seated Row delivers smooth, effective back training with an ergonomic rowing path that targets the lats, rhomboids, and trapezius. Multiple grip options and an adjustable seat provide comfort, proper alignment, and training versatility.
