

EVO Dual Leg Extension/Leg Curl

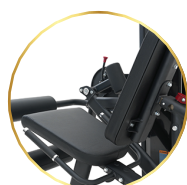

+ Key Features

Robust and Durable, Value-Optimized Choice
Constructed from Q235A cold-rolled steel with 40 × 140 mm square tubing and 50 × 100 mm oval tubing for durability. Electrostatic powder-coated finish tested to over 800 hours of salt spray resistance.

Dual-Function Design, Breaking Leg Training Boundaries
The machine enables seamless transitions between seated leg extension and prone leg curl training. The 5-position backrest adjustment and 5-position ankle adjustment form an ingenious adjustment system, perfectly accommodating users of all body types.

Stable Positioning for Precise Training
Grip handles are strategically placed on both the backrest rear and seat sides, corresponding to prone leg curl and seated leg extension movements respectively. These handles effectively enhance training stability, further maximizing target muscle engagement.

Precision Weight Stack Engineering, Professional Training Assurance
High-density cast iron weight stack with a durable, corrosion-resistant finish. Precision-calibrated increments and a maximum weight of 125 kg support versatile strength training.

Product Overview

The VO3 EVO Leg Extension/Leg Curl combines leg extensions and leg curls in one machine, providing smooth resistance and ergonomic support for effective quadriceps and hamstring training.

Specifications

- + **Dimensions (L × W × H):**
47.4 × 55.1 × 61.7 in
120.5 × 140 × 156.6 cm
- + **Product Weight:** 599.7 lb (272 kg)
- + **Maximum User Weight:** 320 lb (145 kg)

Warranty

- + **Frame:** 10 Years
- + **Parts:** 5 Years
- + **Labour:** 1 Year
